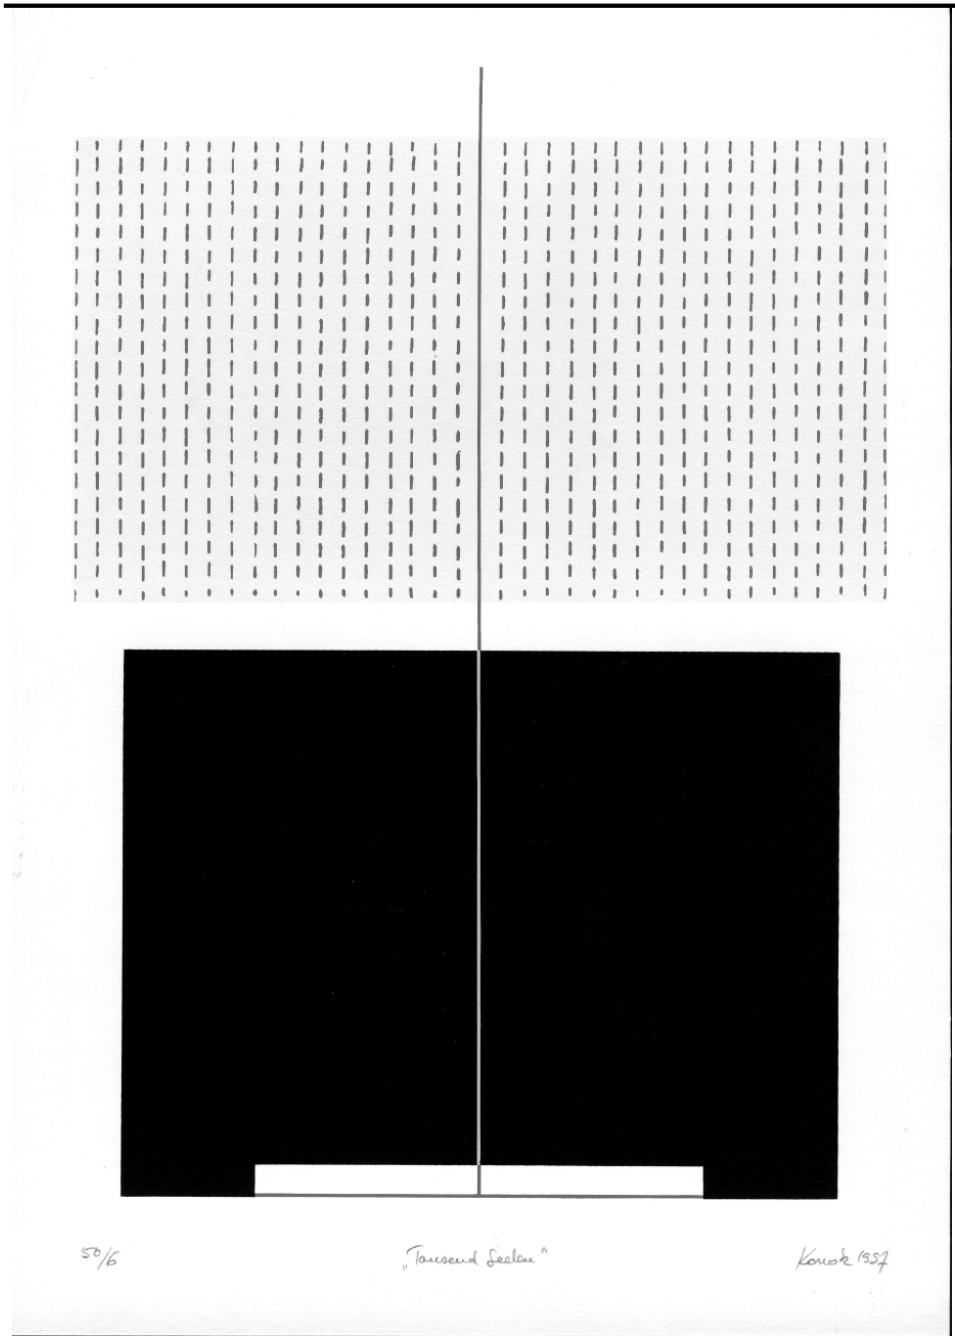
INFOGEM Conference

Managing Risk – Mastering Quality

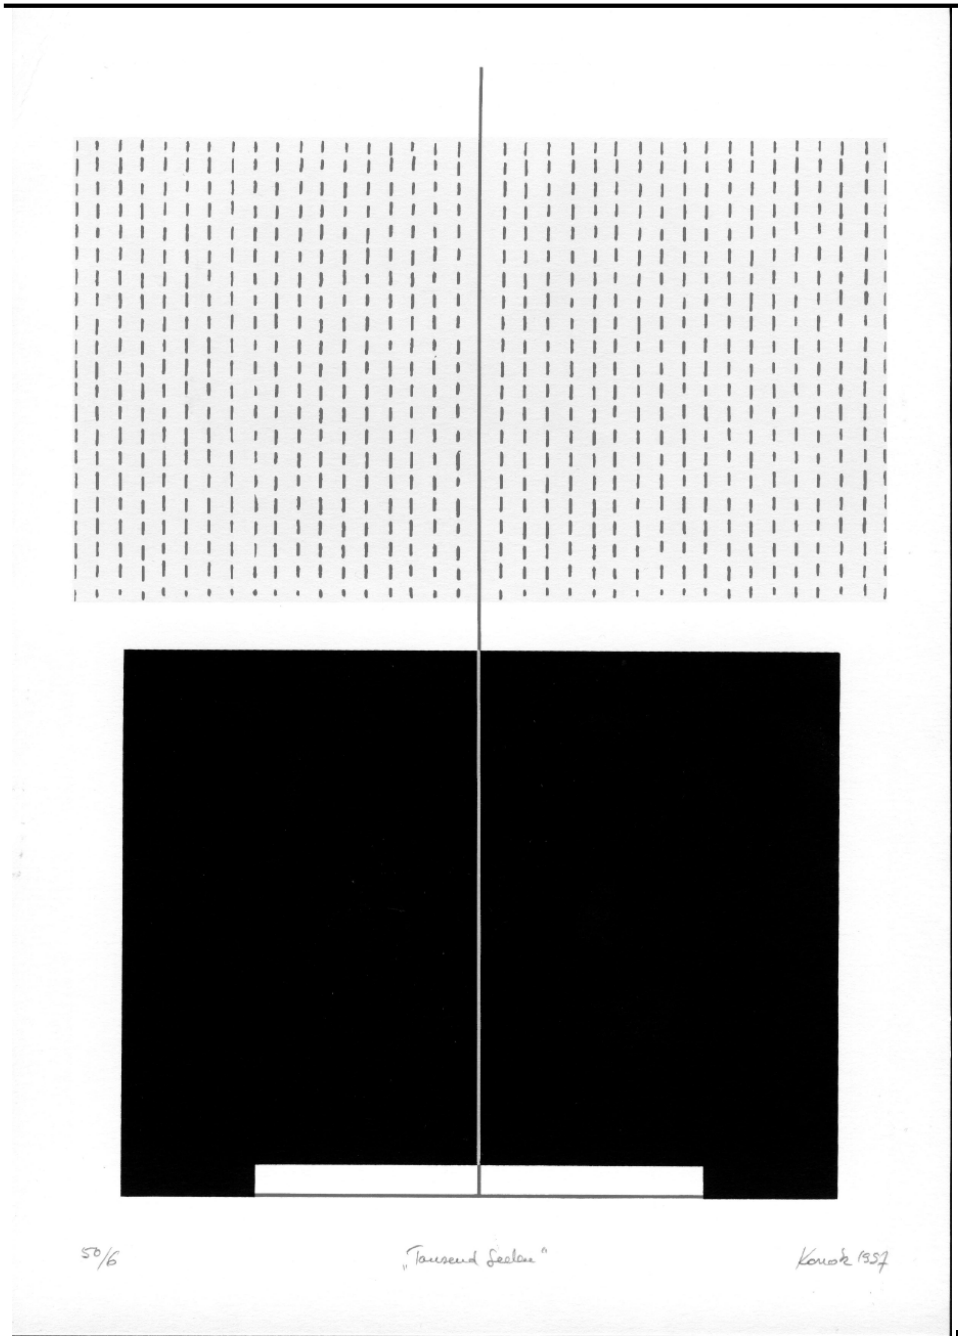
January 27, 2003

Baden, Switzerland



One thousand Soules (Tausend Seelen)

by
Tamás Konok
from Budapest, Hungary



Jochen Ludewig

University of Stuttgart
Germany

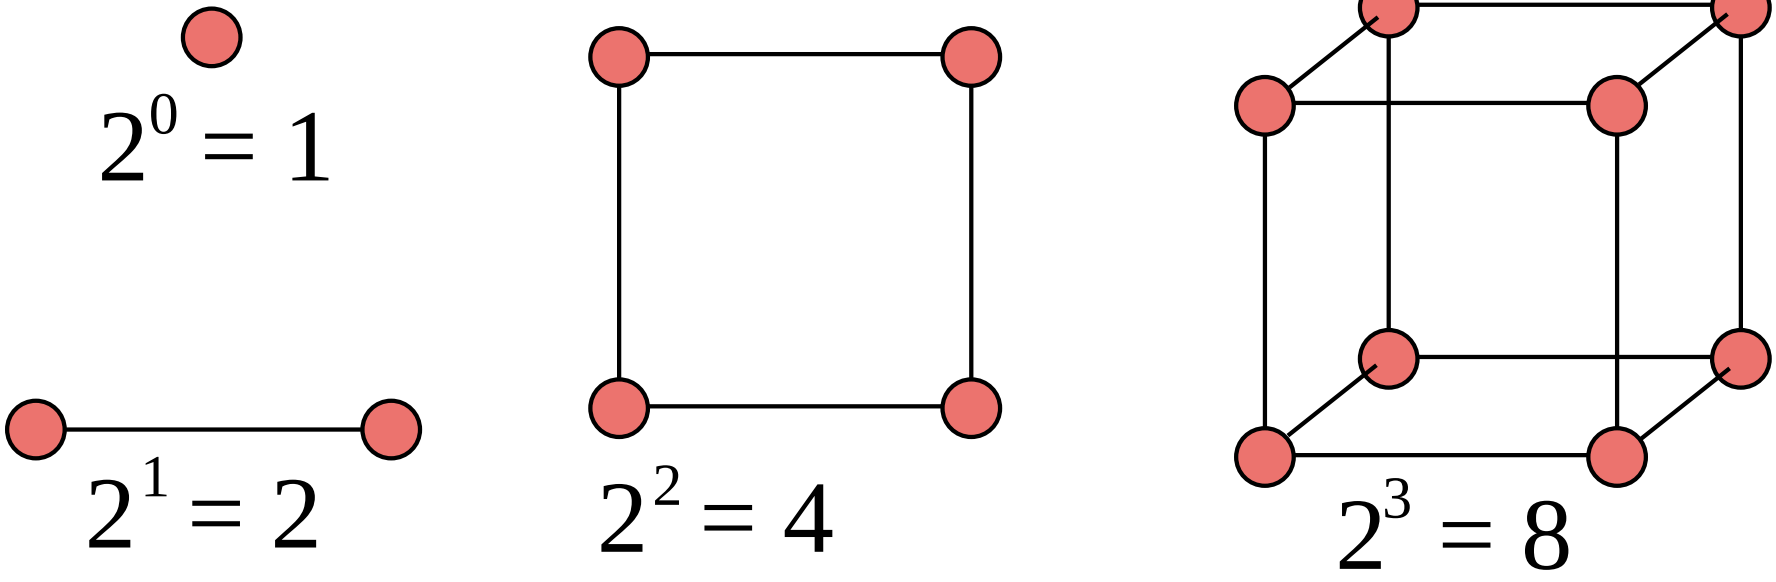
Opening

Sweet Little Sixteen ...

or:

Why do we celebrate this birthday?

The Big Numbers of a Software Company



The representation of 2^4 is left as a simple exercise to the audience.

INFOGEM
10000

INFOGEM Turnover 1987 – 2002

Monika Peterhans

Harald Schär

Ruedi Schild

Stefan Zeder

The *INFOGEM* Villa

INFOGEM : The Big Numbers

1997, same day, same time, same place

A view on Staff Fluctuation in *INFOGEM*

Stefan Zeder joined in 2002

Codex *INFOGEM AG*

1. we contribute to other‘s success
2. we help people, not customers
3. we listen in order to make us heard
4. we don‘t instruct, we stimulate
5. we‘re competent, but we don‘t know everything
6. we‘re good, also in admitting our mistakes
7. we‘re honestly flexible
8. we‘re present, in background
9. we‘re discreetly generous
10. we‘re modestly self-confident
11. we‘re exclusively simple
12. we have fun to be serious

9:30

François de Nazelle,
QUALAS, Paris, France

The product pays,
the process costs

10:30

11:00

Kent Beck
Three Rivers Institute,
Merlin, Oregon, USA

On Extreme
Programming

12:15

14:00

Peter Prónay,
Ivica Vodova

Siemens Business
Services s.r.o.
Bratislava, Slovakia

Risks and Opportunities
of Multicultural Co-
operation

16:00

14:45

Georges Schlegel

Swisscom Mobile,
Bern, Switzerland

The unbearable
lightness of mobile
telecommunications

or

What comes first,
network or services?

15:30

Tim Lister

The Atlantic Systems
Guild Inc., New York,
USA

Risk management
is project management
for adults

17:15

Kent Beck
Tim Lister
François de Nazelle
Peter Prónay
Georges Schlegel
Jochen Ludewig

Panel discussion

What risks
do we face in
software engineering?

Which opportunities
can we offer?

18:00
